

Installation Instructions

Hand Strap and Kickstand

Universal

Universal Hand Strap and Kickstand

Compatible with the following devices.

- Surface Go
- Lenovo Tab K11
- xTablet Flex 10B
- xTablet Flex 12B

1. Begin installation by first identifying the mounting holes of your device.

2. Center the mounting adapter on top of the snap mount plate to align the screw holes.

3. Referring to the mounting hole guide, place the screwdriver in the corresponding hole for your device and gently press the tip to pierce the protective screw cover. With the pilot holes created, insert and tighten the four screws.
