

Weigh Smarter with the xScale S200

The portable and convenient smart solution for the modern warehouse.

Capture item weight anywhere with the Bluetooth® smart xScale S200. The lightweight, compact form, designed for personal portability, opens to an innovative Y-shape on which items are placed for weighing. The collapsible arms make it easy to carry and use, with a belt holster available to work hands free, ensuring the scale is conveniently available wherever it's needed.

RUGGED

Built to MIL-STD-810H drop test standards, the xScale S200 was designed to withstand the harsh environments of warehousing and distribution centers.

PORTABLE

The fully mobile xScale S200 enables workers to easily move throughout a facility and measure item weight without having to continually return to a stationary scale.

BLUETOOTH® CONNECTIVITY

The wireless, battery powered smart device quickly sends captured data directly to your phone or tablet via highspeed Bluetooth® Low Energy 5.1.

OS COMPATIBILITY

The easy-to-use xScale S200 pairs with the xScale App for easy data collection. Compatible with both Apple iOS and Android operating systems.
